VillaFlex

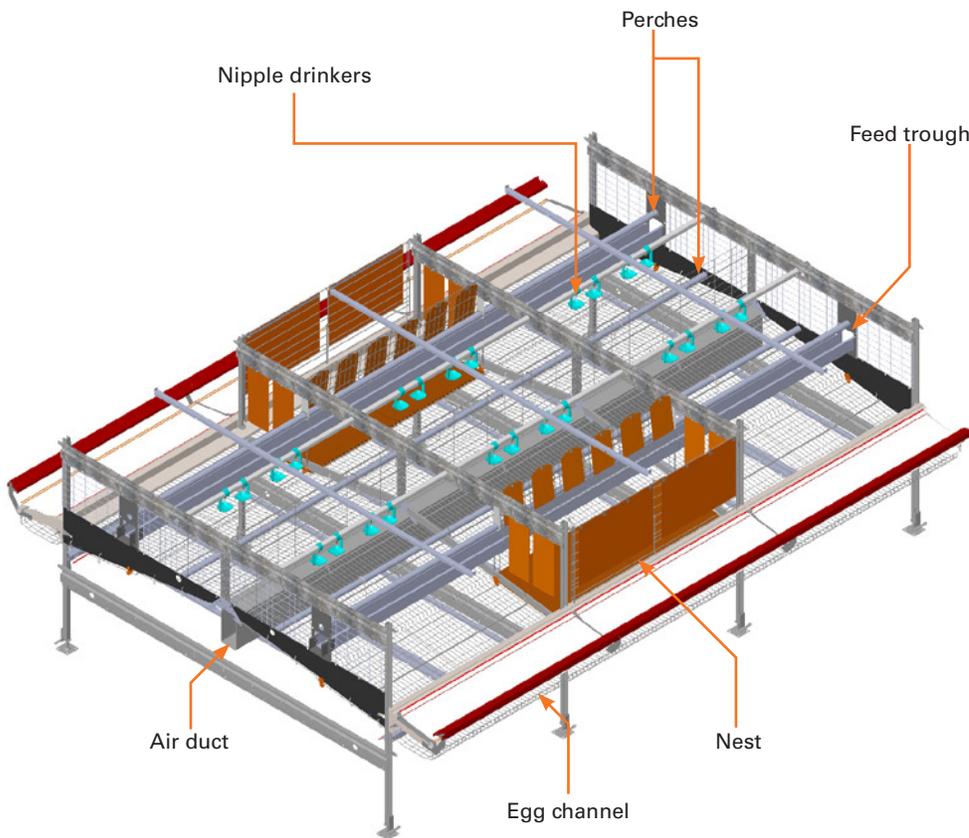

Flexible hybrid aviary colony housing

VILLA FLEX: THE NEW FLEXIBLE HYBRID AVIARY COLONY HOUSING SOLUTION

The VillaFlex hybrid system is available in 2 or 3 tiers with usable space under the system. Multi-story designs up to four levels with intermediate floors are also available. Extra-wide egg belts on all tiers provide adequate space for varying egg distribution.

Easy access system doors and hinged egg belt covers provide easy access for inspection and to the egg tray. Fresh feed and water is also located on each tier to insure easy access for the entire flock.

Perches inside and outside the system are designed and positioned to meet current certification guidelines, and dedicated nests are located on all tiers to insure birds have a safe and secure area to lay their eggs.

THE ADVANTAGES AT A GLANCE:

- ✓ 2 or 3 tier elevated (per level)
- ✓ With or without air
- ✓ Center nest
- ✓ Patented approach perch
- ✓ 28mm drinker lines
- ✓ 10" egg belt
