Vista 360

The new feed pan for turkey poults

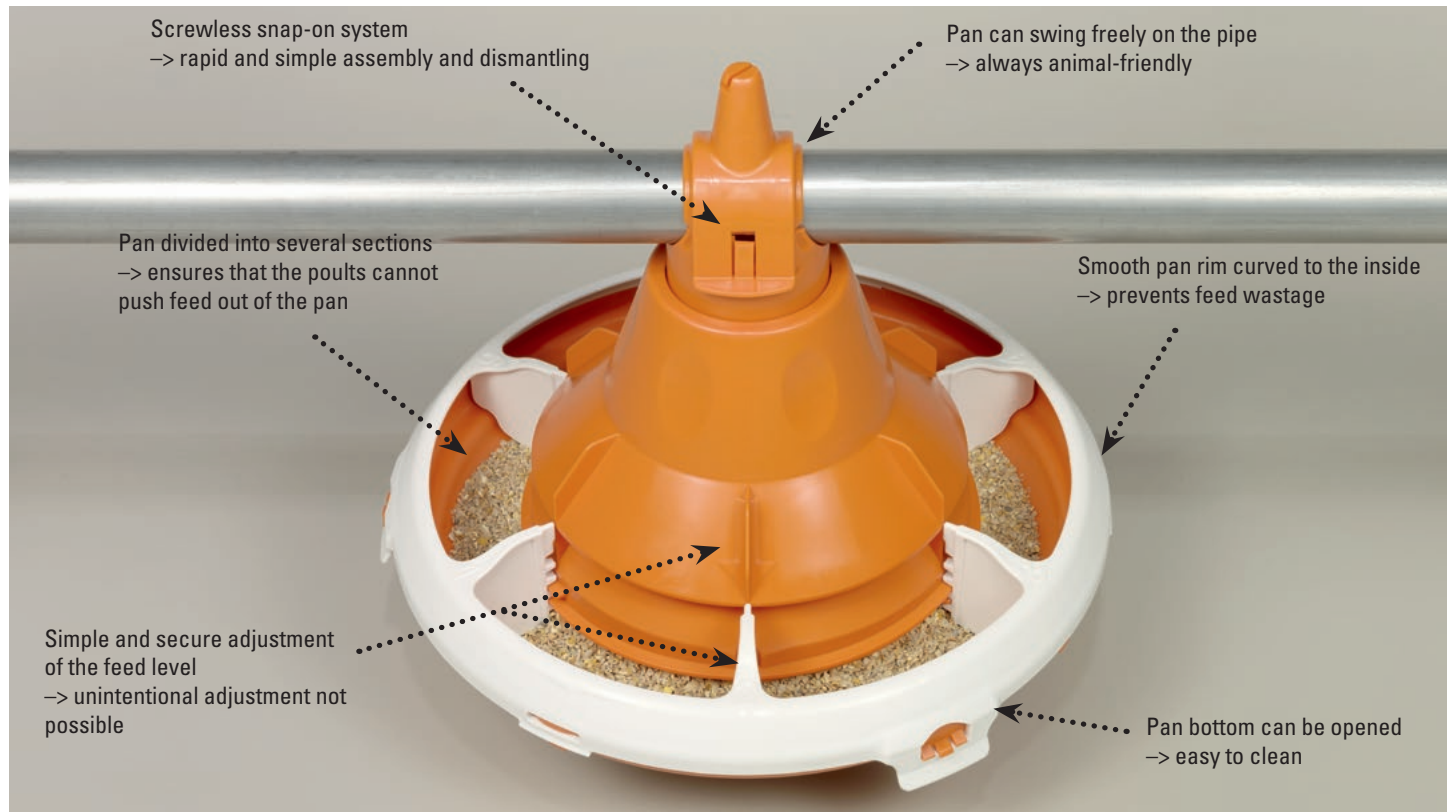

Vista 360 – the ideal feed pan for turkey poults

Vista 360 is a feed pan for turkey poults newly developed by Big Dutchman. The pan will satisfy the needs of day-old poults through movement into the grow-out phase.

The following points are essential for growing successful turkey poults:

- ✓ easy access to feed
- ✓ minimal feed wastage
- ✓ simple, thorough cleaning

Vista 360 fulfills all of these requirements optimally. Let our experts advise you how to find the best solution for your individual needs.

Important advantages

- ✓ The innovative 360° flooding mechanism ensures a high feed level in the pan → ideal start for turkey poults;
- ✓ Starting with the feed level adjusted to 3, the pan can be »overflooded« → optimum poult start;
- ✓ The flooding mechanism closes automatically when the pan is lifted → the feed level is lowered, reducing feed wastage to an absolute minimum;
- ✓ Designed without grills to allow easy access to feed and to eliminate entrapment;
- ✓ The pan is made of high-quality, UV-resistant plastic;
- ✓ The pan can be cleaned thoroughly with a high-pressure cleaner.
