

Big Dutchman®

BD**Flex** Breeding Stall

with easy access gate

BD-Flex Breeding Stall with easy-open gates

The BD-Flex Breeding Stall is where the production of healthy piglets begins.

The Big Dutchman BD-Flex Breeding stall allows you to easily access your sows while keeping them safe from the aggressive behaviors of other sows. Our breeding pen allows you to comfortably monitor, control, and feed your sows while they await insemination.

Let our experts advise you on optimal products for housing and feeding of sows for successful piglet production.

Features:

- Step-through back gate allows easy access to the sow
- Easy to open front and back gates with non-removable locking rods to prevent loss
- Stainless steel feet for longevity
- Vertical bars in front, horizontal bars in the back facilitate stability and control
